

LIST OF FACULTY DEVELOPMENT PROGRAMME / SHORT TERM COURSE  
ORGANISED DURING THE YEAR 2013-14

S. No.	Name of Department	Title
1.	Electronics & Communication Engineering	One week workshop on power of MATLAB Software
2.	Electrical Engineering	One week workshop on Computational Intelligence & Signal Processing
3.	Computer Science & Engineering	One week short term course on SOFT COMPUTING
4.	Mechanical Engineering	One week Faculty Development Programme on Computational Techniques and Research Methodology
5.	Computer Science & Engineering	One week Continuing Education Programme cum Faculty Development Programme on Recent Innovations in Infrastructure – Less Networks Technologies (RIINT)
6.	Civil Engineering	One week Short Term Course on Disaster Management and Mitigation (Civil Engineering perspective with Sustainable Development Approach)
7.	Mechanical Engineering	One week short term course for Faculty Development on Advanced Energy & Thermal System
8.	Electrical Engineering	One week workshop on Smart Grid – Technology and Application
9.	Civil Engineering	One day workshop on Road Safety Week
10.	Electronics & Communication Engineering	One week short term Training programme on All Optical Networks & Switching
11.	Chemical Engineering	One week short term course on Recent Advances in Energy Sources and Environment Protection
12.	Computer Science & Engineering	One week national Workshop on REALISING WIRELESS SENSOR NETWORKS USING SIMULATORS AND TESTBED
13.	Electrical Engineering	One week workshop on INTELLECTUAL PROPERTY RIGHTS
14.	Electronics & Communication Engineering	One week specialized STP on Image Processing
15.	Electronics & Communication Engineering	Two days National Conference on Advances in Electronics and Communication Technologies
16.	Civil Engineering	One week programme on Training of STAAD Pro. & E Tab
