

About the University

Established in the year 1987, as Chhotu Ram State College of Engineering, Murthal, the institution was upgraded in November, 2006 to state university "Deenbandhu Chhotu Ram University of Science & Technology, Murthal". The University is spread over an area of 273 acres of land with all modern facilities. At present there are 09 UG and 19 PG programmes being managed by 16 Departments and one Centre of Excellence. Being a centre of higher education, the university gives research activities a top priority. More than 200 research scholars are presently working in various departments. The University also aims at setting up various centers of excellence to make an indelible mark on the progress of the state. The University is covered under Technical Education Quality Improvement Program (TEQIP) of Ministry of Human Resource & Development, Government of India funded by World Bank.

Department of Chemistry

The Department of Chemistry has been a constituent part of Applied Sciences Department of this University (erstwhile C.R.S.C.E., Murthal) from 1987 to 2008. In January 2009, the Department got separate existence in this university. The theme enshrined in the creation of this science & technology university envisages the growth of knowledge in the field of science and technology. It is, therefore, high time to contribute to the advance knowledge in chemistry and allied fields.

Presently, the Department has chemistry labs to cater the needs of research scholars, post graduate students and undergraduate students. The department also enjoys the common facilities of computer centre, central library and Central Instrumentation Lab (C.I.L) of the University. Apart from teaching assignments the faculty of department engaged in many research project sponsored by different government agencies.

About (ADCAS-21)

The organizing committee cordially invites you to participate in the 1st International Conference on "Advanced Developments in Chemistry and Allied Sciences-2021 going to be held at Department of Chemistry, Deenbandhu Chhotu Ram University of Science & Technology, Murthal, Sonipat, Haryana, INDIA on 16-17 December 2021. The scientific programme includes Keynote Addresses, Invited Talks, Oral Presentations and Poster Sessions on the theme of conference. The purpose of the conference is to generate awareness and interest amongst the young minds about the importance and applications of various disciplines of Chemistry. The conference will also focus on emerging issues related to Chemistry which are of immediate concern to our lives and community. It will provide ample opportunity for academic and research discussion and exchange of ideas among the students, research scholar as well as the faculty members. The conference aims to sensitize & stimulate the young scientists to bring out the best among different frontiers of Chemistry.
